DESCRIPTION

Embark on an exciting journey into the world of fashion with our Higher Certificate in Fashion Design. This industry-focused programme is a pathway to the dynamic fashion sector. This programme focuses on practical skills and techniques, with the hands-on experience needed to excel in craft-based design, setting you up for a thriving career in the fashion industry. What sets our programme apart? Each student receives their very own Brother Sewing Machine as part of a comprehensive sewing, patternmaking and design kit, allowing you to hone your craft both in our state-of-the-art facilities and at home.

Our curriculum covers crucial areas including pattern-making, garment construction, digital literacy for fashion, and the fundamentals of garment design. You'll gain invaluable experience in a simulated work environment, learning to create aesthetically pleasing and functional garments using the latest digital applications and software. Upon graduation, you'll be well-equipped to step into various roles such as assistant designer, junior pattern maker, garment technologist or dressmaker. With your own Brother Sewing Machine, complete kit and comprehensive skill set, you'll have the tools to bring your creative visions to life.
