

DESCRIPTION

The purpose of the Bachelor of Commerce in Accounting is to introduce students to a coherent and systematic approach to the concepts, principles, theories and problem-solving techniques within the field of accounting. Students are equipped with both theoretical knowledge and practical skills in financial accounting, auditing, management accounting, and taxation, preparing them for careers in the accounting profession in South Africa and internationally.

In the first year students are first familiarised with more foundational business and legal concepts, for example business management, business mathematics and statistics, economics, as well as foundational IT skills. In addition to this, foundational as well as financial accounting principles are covered. In the second year, global citizenship and ethics as an important subject matter for accounting as a discipline is introduced to the students. This is then followed by taking the concepts of financial accounting further, and introducing management accounting principles. Moreover, students will cover an introduction to financial management. Lastly, taxation and auditing are introduced in the second year. In year 3, all these concepts are covered with a more advanced lens, Accounting, Auditing and Tax and Company Law is introduced as important subject matter area for Accountants.

ADMISSION REQUIREMENTS

- Senior Certificate (SC) with degree endorsement and a minimum symbol of E in Mathematics HG, or D in Mathematics SG; **OR**
- A National Senior Certificate (NSC) with a minimum of 50% in four 20-credit subjects, and a minimum of 40% in English Home Language or First Additional Language, and a minimum of 40% in Mathematics or 60% in Mathematical Literacy; **OR**
- A National Senior Certificate – Vocational Level 4 (NC(V)) with a minimum of 60% in three fundamental subjects including English and Mathematics; and minimum 70% in four vocational subjects; **OR**
- A National N Diploma in the field of Accounting or Financial Management. Students admitted via this option will be registered for the mathematics academic support module in their first semester; **OR**
- A cognate Higher Certificate (NQF Level 5), Advanced Certificate (NQF Level 6), or Diploma (NQF Level 6); **OR**
- A non-cognate Higher Certificate (NQF Level 5), Advanced Certificate (NQF Level 6), or Diploma (NQF Level 6), together with either:
 - a minimum of 40% in English Home Language or English First Additional Language, and a minimum of 40% in Mathematics or 60% in Mathematical Literacy at NSC level; or
 - evidence of equivalent proficiency in English and Mathematics achieved in the non-cognate programme.

Applicants who do not meet the admission requirements for Mathematics but who have degree endorsement, will be conditionally admitted and registered on the mathematics support programme in their first semester.

CREDITS PER YEAR	140	130	130

RULES OF PROGRESSION

First year students will not be allowed to progress to second-year if they have more than two modules outstanding from the first year. Second-year students will not be allowed to progress to third-year if they have any first-year modules outstanding. Pre-requisite and co-requisite modules are indicated in the section on the curriculum outline.

MODULE PRE-REQUISITES

As indicated above, the following modules have pre-requisite modules:

- Business Mathematics for Statistics
- Business Mathematics for Economics 1
- Management Accounting 1A for Management Accounting 1B
- Financial Accounting 1 for Financial Accounting 2
- Financial Accounting 1 for Financial Management for Accountants
- Financial Accounting 2 for Financial Accounting 3A
- Financial Accounting 2 and 3A for Financial Accounting 3B
- Management Accounting 1A and B for Management Accounting 2A
- Management Accounting 1A and B and 2A for Management Accounting 2B
- Taxation 1 for Taxation 2
- Auditing 1 for Auditing 2
- Accounting 1 for Financial Accounting 1

MODULE CO-REQUISITES

As indicated above, the following modules are co-requisite modules:

- Data and Decision Making with Statistics

MINIMUM SYSTEM REQUIREMENTS

- Wi-Fi: Reliable broadband Internet access (Wi-Fi is available on all of our campuses, but you may prefer access from home as well).
- Web browser: Edge/Chrome/Safari/Opera/FireFox.
- Computer/Laptop: A current Windows or Apple Mac computer/laptop capable of running the Office 365 software. Office 365 includes Word, Excel, PowerPoint and Outlook.
- PDF Viewer: The free Adobe Acrobat software.
- Scanning documents: Ability to scan and upload documents (typically from your cellphone or smartphone).
- Email/cellphone for notification and communication.
- Communication: A cellphone or smartphone for receiving notifications and communication.

LIBRARY ACCESS

The majority of reading and research resources are provided online in the form of Ebsco, Proquest, Scholartext and OERs. All contact campus libraries also store limited reserve copies of prescribed and recommended texts for all modules and programmes.

Students will also receive access to WGSN (a world-wide trend website) for the duration of their studies. Resources provided are relevant to the subject discipline fields. In some cases, resources are also provided in additional disciplines and fields as we believe that students are encouraged to read beyond required sources.

ARTICULATION POSSIBILITIES

In terms of the HEQSF, vertical articulation from the Bachelor of Commerce in Accounting degree is possible to either a Bachelor Honours degree (NQF 8), or a Postgraduate Diploma (NQF 8) in a field related to accounting or commerce.

Horizontal articulation options include other bachelor's degrees, such as STADIO's Bachelor of Business Administration (117863) or STADIO's specialist Bachelor of Commerce (119071) degrees with various Majors to select from, or STADIO's Advanced Diploma in Management (117865).
