COURSE OVERVIEW:

Decision-making is part of a manager's daily work. While it is often considered a sub-function of planning, managers are in fact always making decisions. Discover the role and importance of decision-making and learn about the various decision-making tools and techniques available to managers. This Online SLP is ideal for managers, prospective managers or team leads that wish to elevate their decision-making skills.

There are no entry requirements for this Online SLP. However, it is recommended that the applicant has achieved English language competence at a level that is equivalent to Grade 12.

Earn your Certificate of Completion and add the following to your CV:

"Successfully completed the STADIO Online Short Learning Programme: Decision Making"
